International Roaming

Contact us before you travel to discuss your options. We typically recommend third-party International Roaming SIMs to avoid bill shock. These are specifically designed for temporary use abroad and provide better rates. If necessary, our team can help divert calls to your travel SIM while you're away.

The rates below are for our standard Australian SIMs. Your plan may not support international roaming.

Fee	Travel Pack Name	Data Inclusions	Call Inclusions	SMS Inclusions	Validity
\$40	5GB Travel Pack	5GB	30 minutes	30 SMS	7 Day
\$65	10GB Travel Pack	10GB	60 minutes	60 SMS	14 Days
\$75	3GB Travel BizPack	3GB	300 minutes	300 SMS	3 Days

All travel packs come with Wi-Fi Calling (VoWiFi) - stay connected even without a mobile signal.

When overseas and connected to Wi-Fi, Wi-Fi Calling allows you to make and receive calls and texts back to Australia using your plan's unlimited allowances.

Note:

- 1. Travel Packs expire at 23:59:59PM on the day of expiry. The travel pack will always use Sydney local time (AEST or AEDT), regardless of the country the end-user is roaming in.
- 2. The packs have various validity periods, but all start and end at midnight AEST. If a pack is activated after midnight, it remains valid until midnight AEST on the expiry date.
- 3. The roaming period from activation until midnight AEST on the activation date does not count towards the pack's expiration.
- 4. If you have multiple travel packs active at the same time, the one with the earliest expiry date will be used first. However, activating the same travel pack again will reset your allowances.

IMPORTANT TO KNOW:

- **Unlisted Destinations:** If you're visiting a country not listed above, your mobile service will not work. In this case, we recommend purchasing a travel SIM or a local SIM card at your destination.
- Before You Travel: Contact us before you depart to discuss available options and confirm whether
 international roaming is supported on your plan. Please note that roaming is disabled by default.
- Activating a Travel Pack: If Travel Pack roaming is available at your destination, you'll receive an automated SMS upon arrival. To activate your Travel Pack, follow the opt-in instructions provided in that message.
- Multiple Welcome SMSs: While we take steps to ensure travelling users will not be impacted, you
 may occasionally receive multiple SMS prompts to activate a new pack while transitioning between
 networks. Do not opt-in again unless your current pack has expired or your data allowance has been
 fully used, as doing so will result in duplicate charges.

International Roaming

Contact us before you travel to discuss your options. We typically recommend third-party International Roaming SIMs to avoid bill shock. These are specifically designed for temporary use abroad and provide better rates. If necessary, our team can help divert calls to your travel SIM while you're away.

The rates below are for our standard Australian SIMs. Your plan may not support international roaming.

24 Hour Pack - Roaming Zone 1 (Roaming Pass) Inclusions

- Unlimited calls and texts within the zone and to Australia
- 1GB data
- Valid for 24 hours from first detected usage or until data is used, whichever comes first.

Refer to the next page for the pack charge and available countries.

For countries outside Zone 1

If you're visiting a country not included in Zone 1, standard roaming rates for calls, texts, and data will apply. To check the rates for your destination, visit:

https://www.optus.com.au/mobile/plans/international-roaming/postpaid-rates

IMPORTANT TO KNOW:

- **Unlisted Destinations:** Roaming may not be available in countries outside the listed zones. In this case, we recommend purchasing a travel SIM or a local SIM card at your destination.
- **Before You Travel:** Contact us before your trip to review your options and confirm that roaming is supported and enabled on your plan.
- 24 Hour Pack Roaming Zone 1: If you're in an eligible Zone 1 destination, Roaming Pass charges will apply automatically when you make/receive a call, send an SMS, or use mobile data. If your data allowance is used up within the 24-hour period, an additional Pack will be automatically activated (top-up), renewing your allowance and restarting the 24-hour timer. You can stop auto top-ups anytime by enabling airplane mode on your device. Unused data will expire, and eligible destinations may change.
